

Specification

Model	LC-703U
Printhead Type	I3200-U1
Printhead Number	3 pcs
Printing Width	700mm
Printing Precision	720x1200dpi/720x1800dpi/720x2400dpi
Print head spray	Anti-blocking flash spray and automatic moisturizing
Ink type	UV DTF ink
Ink Color	CMYKWV/CMYK VWPSA
Cartridge capacity	1500ml/color
Ink Drying System	UV LED light+ UV water box
Laminating Rubber Roller	High temperature, support hot stamping
Laminater Pneumatic Lift	Bilateral cylinder
Laminator Moving Rod	Control the balance of lamination and paper feeding
Material Thickness	1-3mm
Printing Media	Special materials for crystal labels, etc.
Loadable coil weight	40 kg (below)
Taking Up Device	Front product film take-up device + rear protective film take-up device
Feeding Device	Standard
Operating system	Win7/Win 10 Home
Operating language	English/Chinese
Working environment	Temperature range:18 °C~25 °C; Humidity range: 35%~65%Rh
Print interface	USB
RIP software	Maintop
Power (W)	Standby: 32W, Max: 1200W
Machine Dimension	1850mm x 40mm x 1520mm (LxWxH)
Weight	180 Kg

* The product specifications shall be subject to the actual configuration and shall be modified without prior notice.

Epson original printhead printing speed

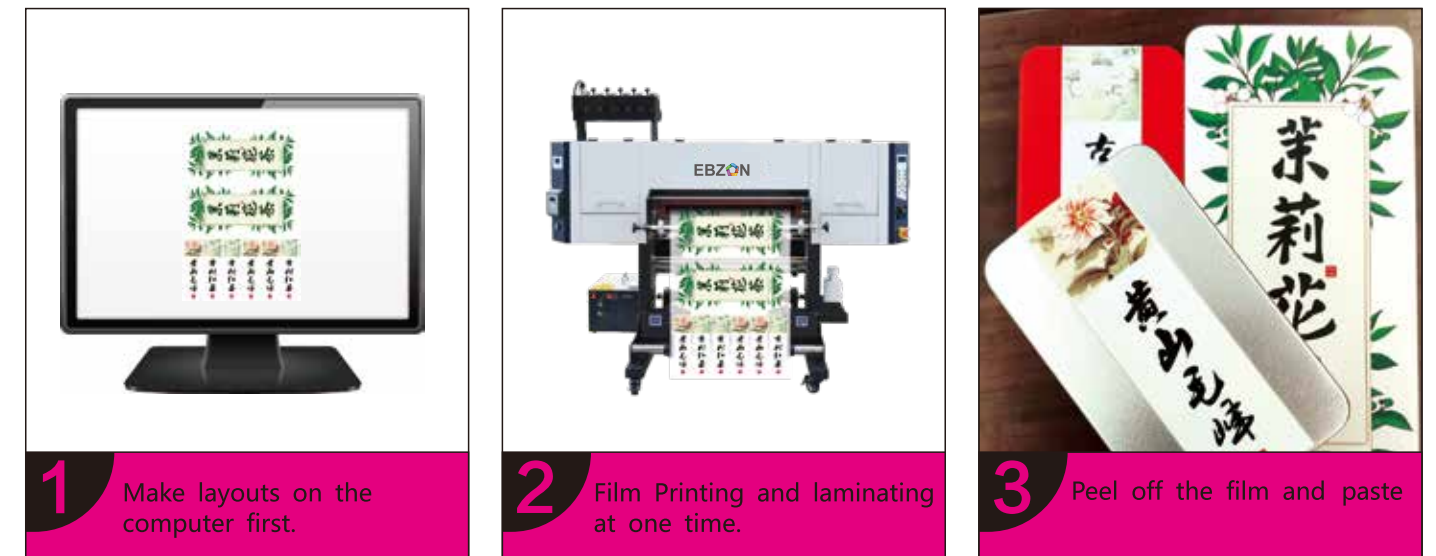

●Epson I3200-U1 Speed Color + White + Varnish

Intelligent Operation Printing and High-Quality Mechanical Design

	1. Guide rail With the silent guide rail, the printing process is more stable and the noise is low;		2. Widened platform Better adsorption material, more stable printing.
	3. Static eliminator Effectively avoid the interference of static electricity on the printing of the nozzle and improve the printing accuracy.		4. High quality rubber roller The rubber roller with a diameter of 65mm has good flexibility to ensure that the image quality is not deformed.
	5. Laminated Processor Realize printing while laminating, greatly improving the drawing speed and saving costs.		6. Press roller The adjustable pressure roller is more convenient to use.
		7. Ink supply system Dalian ink supply system + white ink automatic agitator + ink shortage alarm + constant temperature heating device for ink supply, improve the smoothness of ink supply, higher printing accuracy, and save time and effort when using ink.

Application

Computer configuration requirements

WIN7/10 Home 64bit system

- CPU: Core i3 or above
- Memory: 4G or above
- Hard disk: at least 120G fast (7200 rpm) hard disk
- Display: 17-inch flat-panel display, true color display card, Support resolution above 1024X768;
